AWARDS

[Program Excellence Award](#): Sponsored by Paxton/Patterson, the Program Excellence Award is one of the highest honors given to technology and engineering education programs at the elementary, middle, and high school levels. The Program Excellence Award is presented in recognition of outstanding contributions to the profession and students. Awards are given to one program from each category (Elementary, Middle School, and High School) from every state. The award-winning programs serve as a standard for comparison and models for the development of other programs. Therefore, it is essential that each recognized program reflect contemporary technology engineering education. Awardees serve as models for colleagues and are an inspiration to their communities and leaders in their state as proponents of advancing technological literacy for all.

[Teacher Excellence Award](#): Sponsored by ITEEA and Goodheart-Willcox, the Teacher Excellence Award is one of the highest honors given to technology and engineering education classroom teachers and is presented in recognition of outstanding contributions to the profession and their students. The Teacher Excellence Award provides public recognition at the local/state through international levels. The Teacher Excellence Awards program was established to identify outstanding technology and engineering teachers who serve as models for their colleagues and who form a leadership core to affect change in the field. Separate Teacher Excellence Awards are available for elementary, middle and high school teachers. Every state is eligible to participate with their selected recipients at each level (Elementary, Middle, and High School).

SPECIAL RECOGNITION AWARDS

[Academy of Fellows](#): The highest recognition that the International Technology and Engineering Educators Association (ITEEA) can bestow upon any person.

[Award of Distinction](#): This award is presented to an individual within technology and engineering education who has advanced the profession through a sustained and recognized record of exemplary professional activity. .

[William E. Dugger Exemplary Collaboration Award](#): This award was created to acknowledge the life's work of Dr. William E. (Bill) Dugger, Jr. Dr. Dugger's noteworthy collaboration with classroom teachers, teacher educators, professional

association leaders, school administrators, and policy makers affords him a place of respect earned by very few within the Technology and Engineering Education profession.

[Lockette/Monroe Humanitarian Award](#): Given to an ITEEA member who has promoted humanistic values while serving as a technology and engineering education professional on the national/international, state/province, or local level.

[Public Understanding of Technology and Engineering Education Award](#): This award shall be given to an individual who, while working in his/her field, has also contributed substantially to the public understanding of technology and engineering.

[Prakken Professional Cooperation Award](#): This award is presented to an individual who, through teaching, research, and professional service, has promoted the field of technology and engineering education in collaboration with other fields of discipline.

[Special Recognition Award](#): This award is presented to an individual who has established a sustained record of outstanding service to the field of technology and engineering education.

[Wilkinson Meritorious Service Award](#): The Meritorious Service Award is presented to an ITEEA member worthy of commendation for service to the International Technology and Engineering Educators Association.

STUDENT AWARDS/CITATIONS

[Donald Maley Outstanding Graduate Student Citation](#): Recognizes excellence in graduate level scholarship and leadership potential. Each Institutional Member may choose one outstanding graduate student from its program to be recognized at the ITEEA Annual Conference.

[Donald Maley Outstanding Undergraduate Student Citation](#): Recognizes excellence in undergraduate level scholarship and leadership potential. Each ITEEA Institutional Member may choose one outstanding undergraduate student from its program to be recognized at the ITEEA Annual Conference.

[TEECA Student Leadership Award](#): This is the highest honor given to a TEECA/ITEEA student member. It is based upon outstanding dedication to ITEEA and TEECA (Technology and Engineering Education Collegiate Council), academic achievement, and professional involvement.

ITEEA COUNCIL AWARDS

Council for Supervision and Leadership

[Supervisor of the Year Award](#): Conferred to an international, state/province or local Technology Education educator who has displayed exemplary leadership in all aspects of his or her supervisor's/consultant's responsibilities to improve and advance Technology Education.

[Outstanding Local Supervisor/Leader Award](#): Presented to a local Technology Education educator who has provided exemplary leadership to improve and develop Technology Education instruction in a local school system.

[Outstanding State/Province Supervisor/Leader Award](#): Presented to a state/region Technology Education educator who has provided exemplary leadership to improve and develop Technology Education within the state/region/province.

Council on Technology and Engineering Teacher Education

[CTETE Outstanding Research Award](#): This award is presented to a member or members of the CTETE who have provided significant service to the profession through research and related scholarship in the preparation of Technology and Engineering Education teachers or enhancement of professional practice in technology education.

[Gerhard Salinger Award for Enhancing I-STEM Education Through Technological/Engineering Design-Based Instruction](#):

This award is presented annually to an individual or team of collaborators whose work has exemplified, promoted, investigated, and/or enhanced teaching and learning in Science, Technology, Engineering, and Mathematics (STEM) through the effective application of technological/engineering design activity.

[Silvius-Wolansky Award](#) (Outstanding Scholarly Publication in Technology and Engineering Education) This award is presented annually to an individual or team of collaborators whose work has exemplified, promoted, investigated, and/or enhanced teaching and learning in Science, Technology, Engineering, and Mathematics (STEM) through the effective application of technological/engineering design activity.

Elementary STEM Council

[Mary Margaret Scobey Award](#): Awarded to a person who has demonstrated dedication to elementary school technology and engineering education on a sustained basis. This person has demonstrated a passion philosophically and through activities conducted on behalf of elementary children and teachers.

Technology and Engineering Education Collegiate Association

[TEECA Student Leadership Award](#): This is the highest honor given to a TEECA/ITEEA student member. It is based upon outstanding dedication to ITEEA and TEECA (Technology and Engineering Education Collegiate Council), academic achievement, and professional involvement.

DESIGNATIONS

[STEM School of Excellence](#): ITEEA's STEM Center for Teaching and Learning (CTL) recognizes outstanding schools for their commitment to providing a robust Integrative STEM education program. Awards are made at two levels: ITEEA STEM School of Excellence and ITEEA STEM School of Merit.

[Distinguished Technology and Engineering Professional \(DTE\)](#): ITEEA's DTE designation is a coveted mark of distinction in technology and engineering education. It recognizes technology, innovation, design, and engineering educators who

have demonstrated a high level of competence and professional activity in the field of technology and engineering education.

[Emerging Leader \(EL\) Recognition Program](#): ITEEA's EL distinction is a coveted mark of distinction in technology and engineering education. It recognizes technology, innovation, design, and engineering educators who have demonstrated a high level of competence and professional activity in the field of technology and engineering education.

[Twenty-First Century Leadership Academy: Early Career Leadership and Professional Development Initiative](#): ITEEA's Council on Technology and Engineering Teacher Education (CTETE), through the 21st Century Academy program, provides the opportunity for rising technology and engineering educators from across the country and globe to develop as professional leaders, develop community, and have experiences related to the promotion of technology and engineering education and technological literacy in our schools. Further, best practices are shared throughout different regions of the U.S., as well as an international community via the media technology established in the course of this year-long program.

SCHOLARSHIPS/GRANTS

[Burke Supervision and Shared Leadership Scholarship](#): The Burke Supervision and Shared Leadership Scholarship is presented to an ITEEA practicing leader in the Technology and Engineering profession with supervisory responsibilities (PK-12 Building and Central Office, or Higher Education Administration responsibility). **Award: Up to \$500 to offset costs to attend ITEEA conference.**

[Claussen/FTEE Memorial Scholarship](#): TEECA Student Professional Development - The Foundation for Technology and Engineering Educators (FTEE) established the Claussen/FTEE Scholarship through the generosity of donors. **Award: \$300 to offset costs of attending ITEEA conference.**

[FTEE Undergraduate Scholarship](#): FTEE Scholarship for Undergraduate Major in Technology and Engineering Education - The Foundation for Technology and Engineering Educators makes available a \$500 scholarship for an undergraduate student majoring in technology and engineering education teacher preparation. The award is based upon interest in teaching, academic ability, and faculty recommendations. **Award: \$500**

[Litherland/FTEE Undergraduate Scholarship](#): The scholarship is for an undergraduate student majoring in technology and engineering education teacher preparation. The award is based upon interest in teaching, academic ability, need, and faculty recommendations. **Award: \$500**

[Maley/FTEE Teacher Professional Development Scholarship](#): The Maley/FTEE Technology and Engineering Teacher Scholarship honors Dr. Donald Maley. Its purpose is to support teachers in their preparation to increase the positive outcomes of technology and engineering education. Criteria include: (1) evidence of teaching success, (2) plans for action research, (3) recommendations, (4) plans for professional development, and (5) the applicant's need. **Award: \$500**

[Veterans Make Great STEM Teachers](#): Sponsored by Mastercam. Veterans currently enrolled as students pursuing either an undergraduate or graduate degree as a Technology and Engineering teacher are encouraged to apply. This program serves to honor those who have served our country and are now committed to serving/teaching our students. **Awards: \$1,000 Freshman/Sophomore Scholarship and \$3,000 Junior/Senior/Graduate Student Scholarship.**
