

#TeachTechEd

BECOME AN ENGINEERING AND TECHNOLOGY EDUCATOR

CAN YOU ANSWER YES TO ANY OF THESE QUESTIONS?

- Do you want to make the world a better place?
- Are you interested in design and modeling?
- Do you like to create and prototype solutions?
- Do you enjoy robotics or Technology Student Association (TSA)?
- Is your favorite class an Engineering and Technology class?
- Do you enjoy teaching others?

If yes, you should consider a career as an Engineering and Technology teacher!

WHY CONSIDER ENGINEERING AND TECHNOLOGY EDUCATION?

- Helping students learn is rewarding!
- Work with energetic colleagues in healthy and safe environments.
- Demand for teachers is high; job placement is 100% in Indiana.
- Teach classes in engineering, manufacturing, construction, design, transportation, and communications.
- #DoWhatYouLove while earning a living!
- Qualifying college major for Next Generation Teacher Scholarship of up to \$30,000!
