Autodesk Education Community for EbD™ Teachers

Updated August, 2017

Schools, teachers, and students can access Autodesk software for free from Autodesk's Education Community: www.autodesk.com/education. **Note** that a ".edu" email is NOT required, and the software that is downloaded is the same software that Autodesk's commercial clients use.

Here is a link to a YouTube video that walks through the process: <https://www.youtube.com/watch?v=6aXMVtZ6Y9I&feature=youtu.be>

- Autodesk Design Academy: <https://academy.autodesk.com>
- Curriculum: <https://academy.autodesk.com/curriculum>
- How to Videos: <https://academy.autodesk.com/product-how-to>
- System Requirements: <https://knowledge.autodesk.com/support/system-requirements>
