ATLANTA 2018 PROGRAMMING

Preconference Workshops:

Wednesday, April 11; 1:00pm-5:00pm

- **Technological Systems (8th Grade).** *Technological Systems* is the 8th grade course in the EbD Middle School Core Sequence and is newly revised! Workshop participants will use hands-on activities to explore the course content and implementation strategies. *Open to all attendees. Laptop/smart device required. \$95 – ticket required; no charge for Consortium members*
- **TEEMS PreK-6.** The TEEMS PreK-6 program leverages technological design challenges in an environmental context as the focus for learning. Science and mathematics conceptual development is supported through deliberate and strategic integration of key content and skills. Spend four action-packed hours exploring an overview of EbD-TEEMS Building Blocks with hands-on activities. *Open to all attendees. Laptop/smart device required. \$95 – ticket required; no charge for Consortium members*

EbD Lounge: open during Exhibit Hall Hours
