Council on Technology and Engineering Teacher Education
CTETE Executive Committee

Dr. Charles McLaughlin
Past-President

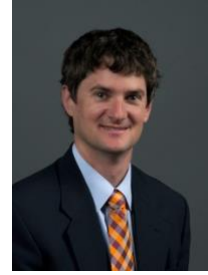

Dr. Steven Shumway
President

Dr. Todd Kelley
Vice-President

Dr. Josh Brown
Treasurer

Dr. Bradley Bowen
Secretary

From the President

Dear CTETE Membership,

It was nice to meet as a profession during the 2021 ITEEA Conference and CTETE sessions and share research, conduct business and recognize CTETE award winners. One advantage of a virtual conference was the opportunity to attend more sessions than typical this year and to also have easy access to electronic presentation information. Many thanks to those of you that presented and to Dr. Todd Kelley for managing the CTETE conference sessions. The CTETE Strategic Committees were able to meet during the work sessions and we look forward to a productive year of committee work. As members of the Technology and Engineering Teacher Education Profession, I strongly recommend your participation in the following important activities:

- Submitting journal articles to the Journal of Technology Education
<https://scholar.lib.vt.edu/ejournals/JTE/>
- Nominating a colleague, or group of colleagues for various CTETE awards for 2022.
<http://www.ctete.org/award-application-forms/>
- Active participation in one of the CTETE Strategic Committees;
<http://www.ctete.org/contact/>

During the summer, the CTETE Executive Committee will review strategic initiatives, including budget requests and committee work, and we will continue the discussion regarding the need for a creation of guiding program standards and accreditation. If there are specific items you wish to be brought before the CTETE Executive Committee, please contact myself at steve_shumway@byu.edu.

Dr. Steven Shumway: CTETE 2019-2022 President

CTETE Research and Scholarship Awards

CTETE Outstanding Research Award

Recipients:

- ***Dr. Scott Bartholomew – Brigham Young University***
- ***Dr. Greg Strimel – Purdue University***
- ***Emily Yoshikawa-Ruesch – Purdue University***
- ***Dr. Senay Purzer – Purdue University***
- ***Liwei Zhang – Purdue University***

Title of Publication: "Informing Engineering Design through Adaptive Comparative Judgment/2020"

Senay Purzer, Scott Bartholomew, Emily Yoshikawa Reusch and Greg Strimel receiving their awards

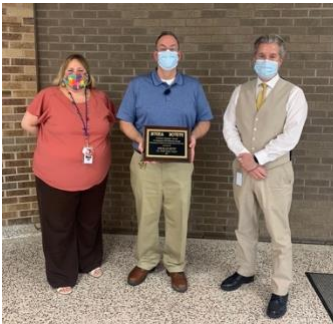

Gerhard Salinger Award for Enhancing I-STEM Education Through Technological and Engineering Design-Based Instruction

Title of Project: The STEM Guitar Project

Recipients:

- ***Dr. Debbie French: Wake Forest University***
- ***Mr. Alex Moll: Lake Stevens Middle School***
- ***Mr. Tom Singer: Sinclair Community College***
- ***Mr. Doug Hunt: Southern Wells Jr.-Sr. High School***
- ***Dr. Mark French: Purdue University***
- ***Mr. Matt Peitzman: Pennridge High School***

Doug Hunt, Debbie French, and Mark French receiving their awards

Matt Peitzman, Alex Moll, and Tom Sinclair receiving their awards

2021 CTETE Technology and Engineering Teacher Educator of the Year Award

Recipient: Dr. Scott Warner: University of Millersville

Dr. Scott Warner receiving the Technology and Engineering Teacher Educator of the Year Award from Dr. Sharon Brusic: Technology Education Program Coordinator – Millersville University

Additional Recognitions for Dr. Scott Warner

- ***2021 ITEEA Distinguished Technology and Engineering Professional (DTE)***
- ***2020 Lockette/Monroe Humanitarian Award - ITEEA***
- ***2009 Laureate Citation - Epsilon Pi Tau International Honor Society***
- ***2006 Co-recipient of the Sylvius-Wolansky Outstanding Publication Award - CTETE***
- ***2004 Department of Technology, Outstanding Teacher Award - Ball State University***
- ***1999/2000 Technology Teacher Excellence Award for the State of Indiana***

Items from CTETE Annual Business Meeting

Application to Present for the 2022 ITEEA Conference – CTETE Sessions

All members of CTETE should have received via email or CTETE Listserv a Qualtrics form from CTETE Vice-President Dr Todd Kelley. Please consider completing an application to present at the 2022 ITEEA Conference in Orlando. Below are **important to consider**.

- ***June 30th, 2021***, deadline for CTETE conference session application.
- ***October 30th, 2021***, all presenters who have been accepted through the review process will be notified by e-mail.
- ***November 15th, 2021*** CTETE presenter will be required to return a presenter agreement form.
- ***December 1st, 2021*** all participants in CTETE and ITEEA will be required to confirm conference registration.

Revisions to the CTETE Constitution and Bylaws

During the 2021 CTETE Business Session, revisions to the CTETE Constitution and Bylaws were presented and ratified. To review these changes, go to the CTETE Website (Home-About): <http://www.ctete.org/about/>

Review of Committee Proposed Tasks for 2021-2022

Curriculum Committee

- *International Technology and Engineering Curriculum Review; Prepare CTETE and PATT presentations.*

Research and Scholarship Committee

- *Continue work in reviewing ITEEA and CTETE conference session presentations. Explore ways to better publicize research awards/streamline the application process*

Leadership Committee

- *Recruitment for and facilitation of 21st Century Leadership Academy; Looking for sources for funding, potential white paper on 21st Century Leadership Academy.*

Marketing Committee

- *Continue work with CTETE Website; Where to find T&E Programs and submit program analysis paper.*
